

سرفصل های دوره CCNP PACK :

Planning Tasks for the CCNP Exams

Module 1: EIGRP Overview and Neighbor Relationships

Module 2: EIGRP Topology, Routes, and Convergence

Module 3: EIGRP Route Summarization and Filtering

Module 4: OSPF Overview and Neighbor Relationships

Module 5: OSPF Topology, Routes, and Convergence

Module 6: OSPF Route Summarization, Filtering, and Default Routing

Module 7: OSPF Virtual Links and Frame Relay Operations

Module 8: Basic IGP Redistribution

Module 9: Advanced IGP Redistribution

Module 10: Policy-Based Routing and IP Service Level Agreement

Module 11: Internet Connectivity and BGP

Module 12: External BGP

Module 13: Internal BGP and BGP Route Filtering

Module 14: BGP Path Control

Module 15: IP Version 6 Addressing

Module 16: IPv6 Routing Protocols and Redistribution

Module 17: IPv4 and IPv6 Coexistence

Module 18: Routing over Branch Internet Connections

مشاهده سرفصل دوره CCNP-SWITCH

CCNP-SWITCH (642-813) Syllabus:

The Planning Tasks of the CCNP Exams

Module 1: Switch Operation

Module 2: Switch Port Configuration

Module 3: VLANs and Trunks

Module 4: VLAN Trunking Protocol

Module 5: Aggregating Switch Links

Module 6: Traditional Spanning Tree Protocol

Module 7: Spanning-Tree Configuration

Module 8: Protecting the Spanning Tree Protocol Topology

Module 9: Advanced Spanning Tree Protocol

Module 10: Multilayer Switching

Module 11: Enterprise Campus Network Design

Module 12: Layer 3 High Availability

Module 13: IP Telephony

Module 14: Integrating Wireless LANs

Module 15: Securing Switch Access

Module 16: Securing with VLANs

مشاهده سرفصل دوره CCNP-TSHOOT

CCNP-TSHOOT (642-832) Syllabus:

Module 1: Introduction to Network Maintenance

Module 2: Introduction to Troubleshooting Processes

Module 3: The Maintenance and Troubleshooting Toolbox

Module 4: Basic Cisco Catalyst Switch Troubleshooting

Module 5: Advanced Cisco Catalyst Switch Troubleshooting

Module 6: Introduction to Troubleshooting Routing Protocols

- Module 7: OSPF and Route Redistribution Troubleshooting
- Module 8: Troubleshooting BGP and Router Performance Issues
- Module 9: Security Troubleshooting
- Module 10: IP Services Troubleshooting
- Module 11: IP Communications Troubleshooting
- Module 12: IPv6 Troubleshooting
- Module 13: Advanced Services Troubleshooting
- Module 14: Large Enterprise Network Troubleshooting
